

Saturday, April 28th 2018  
Clean-Up 11am-12am  
Picnic at Sahalee Park 12am-1pm

## Information Guide 2018

Participants should meet at the location that they have been designated to clean-up (NOT at the park.) If you are unsure of your group's clean-up location please contact either the group leader or Austin Cooper. Groups will be notified of their clean-up location a week prior to the event. We will provide the group leaders with bags and gloves in advance. Our goal is to assign areas that are close to the group's business, church, or office. Groups that are made up of mostly children will be assigned parks and pathways.

Please leave filled garbage bags on **prominent** street corners in your designated clean-up area. Public works employees will be driving around to collect the filled bags, as well as resupply your group with new bags and gloves if needed.

If you or anyone in your group comes across drugs/paraphernalia DO NOT TOUCH IT! We are asking that you call the number below, and a trained city worker will handle the disposal of it.

Please call 541-410-7125 if your team runs out of supplies or comes across drugs/paraphernalia

A free picnic and music for all participants starts at 11am at Sahalee Park.

Still have questions?
