

ServicePoint Data Entry & Exit – SHELTERPOINT

If your provider has “SHELTERPOINT” in the name, you must follow these instructions.

Client Search & Creating New Record

1. Click on ClientPoint from the menu on the left.
2. Do a wide search for existing record. (i.e. search by a few letters of the first name and first few letters of the last name.)
3. If client record exists, verify that it is your client (check SSN, DOB, etc.). If client record does not exist, proceed to step 4.
4. If no match, fill in the rest of the responses:
 - Be sure to select appropriate Data Quality description (i.e. “full” versus “partial”)
 - Click “Add New Client with This Information”

The screenshot shows the 'Client Search' interface. On the left is a navigation menu with 'ClientPoint' highlighted in yellow. The main search area has a title 'Client Search' and a message: 'Please Search the System before adding a New Client.' Below this are several input fields: 'Name' (First: Blu, Middle, Last: Sky, Suffix), 'Name Data Quality' (dropdown: -Select-), 'Alias' (text input), 'Social Security Number' (text input with dashes), 'Social Security Number Data Quality' (dropdown: -Select-), 'U.S. Military Veteran?' (dropdown: -Select-), and 'Exact Match' (checkbox). At the bottom are three buttons: 'Search' (highlighted in yellow), 'Clear', and 'Add New Client With This Information'.

Client Profile

Tabs along the top can guide you through the data entry process. All programs require the following tabs to be completed: Client Profile, Households, ROI, and Entry/Exit. Check with your program director on any additional information you should be entering into ServicePoint.

1. Start with the Client Profile tab, then work your way to the right.

The screenshot shows the top navigation tabs. The 'Client Profile' tab is highlighted in green. Other tabs include 'Summary', 'Households', 'ROI', 'Entry / Exit', 'Service Transactions', 'Case Managers', 'Case Plans', 'Assessments', and 'Measurements'. A large yellow arrow points from the 'Client Profile' tab towards the right.

2. Click on the pencil next to “Client Record” to add or edit any information in this section.
3. Click on the pencil next to “Client Demographics” to add or edit any information in this section.

Households

Client Information | Service Transactions

Summary | Client Profile | **Households** | ROI | Entry / Exit | Case Managers | Case Plans | Assessments | Measurements

This Client is not currently a member of any Households.

Previous Households

Search Existing Households | **Start New Household**

A few notes about households:

- Household “buckets” help you organize clients who commonly present together.
- Start a new household only if there is no existing household.
- Editing households should be rare. Instead, choose whom your program is serving on the Entry/Exit tab.
- Do not delete existing households. This will negatively affect existing connections, causing problems for reporting and more.

Starting a New Household:

- Start New Household
- Select Household Type
- Search and add additional household members (similar to search/create a record)
- Click Continue
- Indicate who is the Head of Household, and Relationship to Head of Household
- Joined Household Date (same as Program Start Date)
- Save & Exit

Add New Household

Release of Information (ROI)

Client Information				Service Transactions				
Summary	Client Profile	Households	ROI	Entry / Exit	Case Managers	Case Plans	Assessments	Measurements
Release of Information								
Provider		Permission		Start Date		End Date		
<input type="button" value="Add Release of Information"/>								No matches.

A few notes about ROIs:

- Each adult must give their own consent.
- Even if no consent is given, this must be recorded.
- A parent/guardian can give consent to a minor. However, children under the age of 18 cannot give consent for themselves.

Adding a New ROI:

1. Select "Add Release of Information".
2. Select all the appropriate household members.
3. Make sure the "Provider" is your AGENCY, not your PROGRAM.
4. Release Granted = select appropriate answer.
Yes = permission has been granted to share Information. No = permission has not been granted.
5. Start Date should match the signature date on the form.
6. End Date should be one year from start date.

▶ Admin	Logout					-Select-				Submit
						Bethlehem Inn - Emergency Shelter (with Children)				
						Bethlehem Inn - Emergency Shelter (w/o Children)				

4. Click on “View All”. This allows you to see your full shelter inventory.
5. Click on the green plus sign to assign an individual or household to specific beds.

	Date In	Floor	Room	Bed	Hold	Client
		Bethlehem Inn - Emergency Shelter (with Children)	Room A	A001	Hold	EMPTY

This will bring up the CLIENT SEARCH page. Search for the client you are assigning a unit. Click on the green plus sign.

Make sure the DATE IN is correct. ServicePoint defaults to current date:

Unit Entry Data - (202) hanks, tom

Date In * 06 / 29 / 2018   12 : 11 : 58 PM

Unit Name / Number Bethlehem Inn - Emergency Shelter (with Children) / Room A / A001

Supplies Given

Locker number

Codes/Notes

6. Check all appropriate household members. For each additional household member, click on “Assign Unit”:

 To include Household members in this Check In, click the box beside each name. Then assign each member a unit. If no unit is available, an Overflow unit will be used. Note: Only members from the same Household may be selected.

(119) Male Single Parent

(202) hanks, tom

(204) hanks, sam

7. Click “Save & Exit”.
8. Return to the ClientPoint module to complete the assessment information and any finish any additional tab information (i.e. case managers, case plans, assessments, etc.).

Entry/Exit

This tab is where you will see your SHELTERPOINT enrollment.

1. Click on the pencil next to Project Start Date:

You will see a series of questions tied to your program. Please answer as completely as possible for each household member.

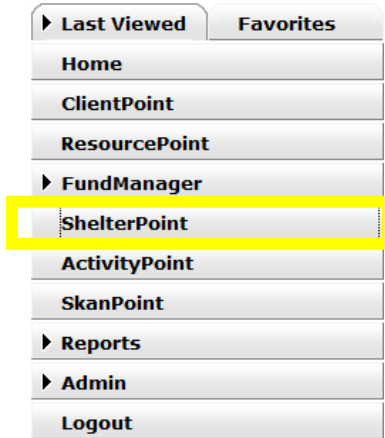

Client Information				Service Transactions				
Summary	Client Profile	Households	ROI	Entry / Exit	Case Managers	Case Plans	Assessments	Measurements
Reminder: Household members must be established on Households tab before creating Entry / Exits

Exiting a Client

You will need to know the Reason for Leaving as well as the exit Destination.

1. Go to the SHELTERPOINT module:

2. Choose your Provider and Unit List. Click Submit.
3. Click "View All".
4. Click on the red button next to the client you wish to exit:

	5/29/2018	Bethlehem Inn - Emergency Shelter (with Children)	Room A	A001	(202) hanks, tom
---	-----------	---	--------	------	------------------

5. Select the Date Out, Reason for Leaving, and Destination:

Date Out *	06 / 29 / 2018    12 : 31 : 26 PM
Unit Name / Number	A001
Supplies Returned	<input checked="" type="radio"/> Yes <input type="radio"/> No
Reason For Leaving *	-Select-
Destination *	-Select-

6. Select all the household members that left on this date:

(119) Male Single Parent

(202) hanks, tom (Date In: 06/29/2018 12:11:58 PM) (Primary Client)

(204) hanks, sam (Date In: 06/29/2018 12:11:58 PM)

7. Click Save and Exit.
